## Kepler's commitment

From Kepler America, we commit ourselves to take care of the students from leaving home. The moment you arrive at the airport until they return home, their stay in Spain will be supervised by instructors who can speak both Spanish & English and are qualified to attend and take care of the students.

Medical care: the center of primary health care in the same locality. This includes ambulances, emergency services, and health insurance for the students.

## Educational Program

Consists of 20 sessions per week. All sessions are intended to improve the level of communication of the students. The classes are focused on oral expressions and listening

comprehension. Throughout the program, we will conduct projects and debates on the cultural sites we visit. We adapt our learning with activities that encourage children to participate actively.
